ABOUT US

Our Mission
UPMC’s mission is to serve our community by providing outstanding patient care and to shape tomorrow’s health system through clinical and technological innovation, research, and education.

President
Steven P. Johnson, FACHE

Benefit to the Community
In fiscal year 2019, UPMC invested more than $108 million in community benefit programs and services in the Susquehanna region. Our mission inspires us to provide a portfolio of services that goes above and beyond what for-profit hospitals are required to provide.

Our Vision
UPMC will lead the transformation of health care. The UPMC model will be nationally recognized for redefining health care by:
• Putting our patients, health plan members, employees, and community at the center of everything we do and creating a model that ensures that every patient gets the right care, in the right way, at the right time, every time.
• Harnessing our integrated capabilities to deliver both superb state-of-the-art care to our patients and high value to our stakeholders
• Employing our partnership with the University of Pittsburgh to advance the understanding of disease, its prevention, treatment and cure.
• Serving the underserved and disadvantaged, and advancing excellence and innovation throughout health care.
• Fueling the development of new businesses globally that are consistent with our mission as an ongoing catalyst and driver of economic development for the benefit of the residents of the region.

Our Values
We create a safe environment where quality is our guiding principle.
QUALITY & SAFETY
We treat all individuals with dignity and respect.
DIGNITY & RESPECT
We listen to and care for our patients, our health plan members, our fellow employees, our physicians, and our community.
CARING & LISTENING
We perform our work with the highest levels of responsibility and integrity.
RESPONSIBILITY & INTEGRITY
We think creatively and build excellence into everything that we do.
